 Max unit dimensions:100"wx99"hx17.38"d  
 Min unit dimensions:57.5"wx37"hx17.38"d

Bag dimensions: 40.75"x8.28"x4.25"  
 Approx weights w/ bag: 15 lbs  
 Shipping dimensions:44"x9"x6"  
 Color: anodized black

1 Assemble the telescopic uprights and the feet using the supplied screws and screwdriver.

2 Align mounting holes to face the flat sides of the feet.

3 Assemble the top and bottom poles respectively. Top and bottom poles can be identified by stickers near shaped ends.

4 Attach the bottom pole to one of the uprights as shown above, tighten up the thumb screw.

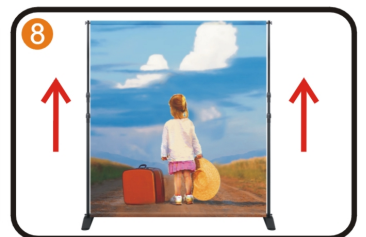

5 Attach the top pole to one of the upright as shown above, tighten up the thumb screw.

6 Slide the graphic over the loose ends of top and bottom poles as shown above.

7 Tighten up the thumb screw to make sure the top and bottom poles are securely assembled.

8 Adjust the height of the telescopic uprights to get good tension of the graphic.

All sizes and weights quoted above are approximate and we accept no responsibility for any variance. We will continue to improve/ upgrade our products and reserve the right to vary the specifications without any prior notifications.
